GR1 DISHED CLEANER

KITCHEN ←

- Excellent alkaline cleaning performance.
- Rinse dishes, glasses, cutlery and cookware thoroughly.
- Removes starch and greasy dirt such as coffee, tea or juice residues as well as lipstick.
- For all commercial dishwashers.
- Suitable for ALL water hardnesses.
- Avoids starch residues and lime-scale deposits.
- Gentle on materials; very good material compatibility with decors and glazes, silver, aluminium, plastic and steel.
- No foaming.

Instructions for use / dosage:

max. 2 g (= 0.2 pc) for soft to medium-hard water max. 3 g (= 0.3 pc) for higher water hardnesses (>14 degrees dH) per litre of consumption water per wash cycle.
The optimal efficiency is achieved at a temperature of 55 - 70 deg. C.

Unscrew the canister cover and insert the suction lance of the automatic dosing unit.

Best possible results in combination with the Cleanet® GR10 rinse aid acidic.

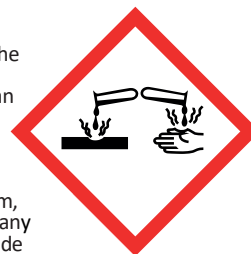

The use of the Cleanet® dosing pump is recommended for exact dosing.

Safety instructions:

May be corrosive to metals. Causes severe skin burns and eye damage. Harmful to aquatic organisms, with long-term effects. Do not breathe in dust/fumes/gas/mist/vapour/aerosol. Wear protective gloves/protective clothing/eye protection/face protection. WHEN SWALLOWED: Rinse mouth. DO NOT induce vomiting. IN CASE OF CONTACT WITH EYES: Rinse gently with water for a few minutes. Remove any contact lenses if possible. Call GIFTINFORMATIONSZENTRUM or doctor immediately. Store in corrosion resistant container with corrosion resistant lining. Disposal of the contents/container in accordance with local/regional/national/international regulations.

For further information, please refer to the technical data sheet and the safety data sheet. The data sheet for medical staff can be obtained by calling +49 (551) 6947-0.

For commercial use only.
